

# João Augusto

Software Developer

164 Alexandra Tower, Liverpool, United Kingdom, L3 1BJ / 07788238051 / poiuytrewq7991@gmail.com

## Professional summary

I'm a software developer who builds fast, scalable, and dynamic applications using Angular, React, and JavaScript. I have developed efficient state management solutions with NgRx and Redux, optimized performance with RxJS, and structured projects using Nx monorepos. I also have experience with Node.js and Express.js, creating seamless API integrations. Passionate about clean code, problem-solving, and continuous learning, I am always pushing to build better, more efficient applications!

## Employment history

### Full Stack Developer, Freelancer

DEC 2023 - PRESENT,REMOTE

- Develop and maintain React.js interfaces, enhancing user experience and application efficiency.
- Optimize applications for speed and scalability, achieving measurable performance improvements.
- Implement server-side logic with Node.js, ensuring robust backend functionality and seamless integration.
- Manage databases using MySQL and MongoDB, supporting data integrity and accessibility.
- Deploy applications on cloud platforms like AWS, ensuring reliable and scalable solutions.

### Software Developer, Digidom

OCT 2024 - FEB 2025,LIVERPOOL

- Develop and maintain user interfaces using Angular and TypeScript, focusing on standalone components for improved modularity.
- Optimize applications for maximum performance and scalability using RxJS for reactive data handling and NgRx for state management.
- Manage application state efficiently with NgRx Store, Actions, Effects, and Selectors.
- Work with Nx monorepos to structure and maintain multiple Angular applications in a single repository.
- Implement and customize ngx-datatable for dynamic and interactive data tables.
- Use SourceTree for version control and collaborative development.
- Continuously explore and integrate best practices in Angular performance optimization, lazy loading, and modular architecture.

### Customer Advisor, HGS

SEP 2023 - NOV 2023,LIVERPOOL

- Built customer relationships via phone, achieving 90% satisfaction in evaluations.
- Clarified procedures, providing expert advice for customer understanding.
- Kept workspace clean and efficient, boosting productivity and workflow.

### Personal Trainer, Everlast Gyms

NOV 2022 - MAR 2023,PRESTON

- Led dynamic fitness sessions, tailoring programs to individual goals.
- Motivated clients to surpass personal bests, fostering a culture of continuous improvement.

## Skills

HTML5 / CSS / SCSS (Experienced)

Javascript (Experienced)

TypeScript (Skillful)

React (Experienced)

Python (Beginner)

Angular (Skillful)

NgRx (Skillful)

RxJs (Skillful)

Node.js (Experienced)

GitHub / SourceTree (Expert)

Bootstrap / Tailwind / Ionic (Experienced)

MongoDB (Skillful)

MySQL (Skillful)

REST API's (Skillful)

Agile (Experienced)

Scrum (Experienced)

## Languages

Portuguese (Native)

Supervisor Bartender, Hospitality Work

SEP 2018 - PRESENT

- Manage bar operations, ensuring exceptional service and team efficiency.
- Boost customer satisfaction through personalized drink recommendations.
- Lead a team to consistently meet high performance standards.
- Resolve customer issues promptly, enhancing overall experience.
- Implement strategies that drive measurable improvements in service quality.

English (Highly proficient)

Spanish (Novice)

Education

Full Stack Web and App Development, WBS Coding School

SEP 2023 - MAR 2024,REMOTE

- Engaged in a rigorous 6-month program, learning full stack technologies including JavaScript, React, and Node.js
- Developed a dynamic budgeting app, leveraging banking APIs to streamline financial data retrieval and improve user financial management
- Earned certification by demonstrating advanced capabilities in web application development and deployment

BSc Physical Activity and Lifestyle, Escola Superior de Desporto de Rio Maior

OCT 2017 - JUL 2020,RIO MAIOR, PORTUGAL

- Exercise prescription
- Fundamentals of nutrition
- Psychology
